

EXPANDING YOUR BUSINESS

Enrol now for the following Training Sessions:

SESSION 1) Payroll Compliance

0900 – 1200

This workshop will focus on areas that will help you make sure you meet your federal and state employee compliance obligations throughout the employee engagement process.

- ATO reporting obligations
- Payroll tax
- Superannuation
- Typical employee payments
- Fringe benefits tax
- Proposed changes
- Employee versus contractor

SESSION 2) Integrating and making use of compliance in your Business

1300-1600

This session will provide information on how compliance reporting can be integrated into your business practices to provide value to your business.

- How to ensure the information reported is correct and what reports to use
- What does the information reported actually mean
- How to use the information generated to assess and drive your business's performance
- Budgeting and cashflow management strategies
